2.0 | Academic Guide and Regulations (Undergraduate)

Preface

Xiamen University Malaysia (XMUM) Academic Guide and Regulations - Bachelor's Degree Programmes

The XMUM Academic Guide and Regulations handbook is intended to strengthen the implementation of a standardized academic regulation by taking the current and future needs of the university community into consideration. These academic regulations apply to undergraduate programmes offered by Xiamen University Malaysia leading towards the conferment of Bachelor's Degrees, and other academic matters related thereto. These academic regulations shall be read together with the respective programme handbook provided by Academic Affairs Office.

The regulations outlined in this handbook will take effect on the date determined by the President. Xiamen University Malaysia reserves the right to add, amend, or make any alterations to the content of this handbook as and when necessary.

Student's Responsibility

Students have the responsibility to abide by all the rules and regulations of Xiamen University Malaysia, and to observe the following responsibilities in order to enable the University to effectively administer and deliver efficient services to the University community.

Students have the responsibility to:

- Read and understand all the regulations stipulated in this Academic Guide and Regulations handbook.
- Familiarize themselves with undergraduate programme specifics in the programme handbook and fulfill all the academic requirements of the respective programme and the university.
- Complete and validate the course registration within the specified registration access periods.
- Check student email and university bulletin board on a regular basis.
- Pay the University tuition fees within the stipulated time.
- Attend lectures / tutorials / practical / industrial training and other assigned activities by the university.
- Adhere to scheduled appointments.
- Be proactive in obtaining advice and guidance from the Academic Coordinator, Head of Programme, Lecturers, and administrative staff when faced with any form of problems or difficulties.
- Be fully responsible for all the consequence(s) of failing to act according to the stipulated guide and regulations.

2.1 Student Admissions

- Entry requirements for Bachelor's Degree Programmes are determined by the University.
- Offers of admission will be issued by the Admissions Office and are valid only for a stipulated time frame. If students fail to register within the stipulated time, they are deemed to have declined the admission offer. However, students may be allowed to register within 2 weeks (for a long semester) or 1 week (for a short semester) after the deadline, provided that they can provide plausible reasons for the delay in the form of supporting evidence.
- Any person who is offered admission by the University to pursue a programme of study at the Bachelor's level shall register themselves at the University according to the mode prescribed in the offer.
- Any person who has registered as a student of the University will be given a student email, ID, and password to enable them to access the Academic Affairs Online System for course registration and other academic-related purposes.
- The university email will be the official communication channel between the University and students. When communicating with the University via email, students shall use the university email account.
- Students who have been given a password are not allowed to disclose it to other students or staff of the University and shall always be responsible for safeguarding their password.
- Students must carry their student ID cards at all times within the campus and must produce it when required. A fee will be imposed for the replacement of a lost student ID card.
- The student ID card is issued to all students as the official card and is required for the following purposes:
 - i. Entering the campus
 - ii. Paying fees at the Finance Office
 - iii. Using library facilities
 - iv. Sitting for final examinations
 - v. For any other purposes on campus

2.2 Withdrawal from the University

- Withdrawal from the university means withdrawing from a programme of study currently pursued at XMUM.
- Students who wish to withdraw from the University are required to fill up the "Programme Withdrawal Form", which can be obtained from the Admissions Office.
- The withdrawal request will only be processed using the "Programme Withdrawal Form". The University may take up to 5 working days to complete the withdrawal process.
- The student must return their student card, library books, and any property belonging to the University. The student is responsible for the replacement cost of any University property lost or damaged by them.
- All outstanding fees or official charges must be settled in full before the application for withdrawal can be approved.
- In the event that the fees have not been paid within the first two teaching weeks of the new semester, 50% of the tuition fee will be chargeable, and thereafter, 100% of the fee will be charged. The University has the right to use the Refundable Deposits to offset any outstanding fees owed to the University.

- The refund of paid tuition fees is based on the following conditions:

Submission of Written Notification to Withdraw	Percentage of Refund
Within the first two teaching weeks of the new semester	50% of tuition fee
After the first two weeks of the new semester	No refund

- Any amount to be refunded will be paid via bank transfer.

2.3 Change of Study Programme

The following guides are only applicable to Malaysian students:

- Students who intend to change their study programmes are required to fill up the prescribed form available from the Academic Affairs Office. The form must be submitted to the Academic Affairs Office within two weeks before the end of a semester. The results of the application will be announced to the students within the first week of the following semester.
- Students must meet the entry requirements of the programme they intend to transfer to.

Note: International students are advised to consult the Academic Affairs Office for further information

2.4 Re-admission

- Re-admission of students is subject to meeting the entry requirements for XMUM programmes.
- Students who have been terminated by the university due to disciplinary problems will not be eligible for re-admission to the university.

2.5 Deferment of Study

- An application to defer your studies can be made to the Admissions Office on any working day of the semester. Students shall not defer their studies for more than one year, except in the case of a health condition certified by a qualified medical practitioner registered with the Ministry of Health (MoH) of Malaysia or the student's home country.
 - All applications for deferment must be in writing and submitted to the Academic Affairs Office. The University may take up to 5 working days to process the application.
- If an application for deferment is received and approved before the semester starts, the student is exempted from paying any fees for the semester.
- All outstanding fees or official charges must be settled in full before the application for deferment can be approved.
- In the event that the fees have not been paid within the first two teaching weeks of the new semester, 50% of the tuition fees will be chargeable, and thereafter, 100% of the fee will be charged. The University reserves the right to use the Refundable Deposits to offset any outstanding fees owed to the University.
- If a student applies for deferment after the semester starts, the paid tuition fees will be transferred to the next semester based on the following conditions:

Submission of Written Notification to Differ	Percentage of Refund
Within the first two teaching weeks of the new semester	50% of tuition fee
After the first two teaching weeks of the new semester	No transfer

- Students who defer due to a health condition must provide medical evidence from a qualified medical practitioner registered with the Ministry of Health (MoH) of Malaysia or their home country to demonstrate their fitness to return to study before reporting to the Admissions Office.
- The length of absence for all successful applicants will be considered as part of the period of study.

2.6 Maximum Duration of Study

Students are allowed to extend the duration of their study at XMUM, subject to the rules and regulations of the university. The maximum length of study must not exceed 6 years (7 years for Bachelor of Medicine in Traditional Chinese Medicine (Honours)).

2.7 Student Evaluation on Teaching

- Student evaluation of teaching is an effective way for students to communicate with the University and report any problems. Therefore, students are required to complete the evaluation on time.
- Student evaluation of teaching will be conducted twice during the long semester and once during the short semester. Final semester results will not be released within the required timeframe to students who have not participated in the evaluation process.

3.0 | Course Registration

- Students are required to attend a specified number of credits as regulated.
Note: Please refer to the respective Programme Handbook for more details.
- Registration of elective courses must be completed online via the Academic Affairs Online System, following the procedures and conditions stipulated by the Academic Affairs Office.
- Students are not allowed to attend courses for which they have not registered (after the registration period). No marks will be awarded for unregistered courses, and no credits will be granted.
- The maximum credit hours for a long semester is 21, whereas for a short semester, it is 7.

3.1 Adding / Dropping Course

- Students have the option to add or drop elective courses online by following the procedures outlined by the Academic Affairs Office.
- It is advised that students check the Academic Affairs Online System for the list of courses offered in a particular semester. For guidance, please consult the respective academic coordinator.
- The designated timeframe for adding or dropping courses is TWO weeks (for a long semester) or ONE week (for a short semester) from the start date of each semester.
Note: Students facing certain circumstances (eg: health problems, study difficulties, etc), may apply to drop a course before week 5 (long semester) or week 2 (short semester), and late applications will not be entertained. It should be noted that dropping required courses of the semester will result in an extension of the study duration.
- Students are required to complete the prescribed form and submit it to the Academic Affairs Office.
- Students who wish to drop courses must maintain the minimum credit requirement for the semester (60% of the maximum credits per semester). However, the tuition fee will not be refunded.
Note: Students should anticipate an extension in the duration of their study if they fail to follow the study plan.
- Students will not be considered for dropping a course due to the following reasons:
 - i. Inadequate preparation for the course
 - ii. Dissatisfaction with the course syllabus
- Students who stop attending lectures for any course without officially dropping or with an unapproved application will be marked as absent from the course, which will be recorded in their official record for the respective course.

3.2 Registration for a Retake Course

- If students receive a 'Fail' grade in a compulsory course, they are required to retake the same course. Course retakes involve attending classes and completing all coursework including sitting for a final examination. In the case of an elective course, if a student receives a "Fail" grade, they are required to retake an elective course from the same field.
- If students retake a general elective/major elective course with a different course code but in the same field/category to replace a "Fail" or lower grade obtained previously, the total CGPA on the official result slip will factor in the credits of both the failed elective course and the retake elective course. The final CGPA calculation will exclude the credits of the "Fail" grade elective course from the academic transcript.

- If students receive a 'Pass' or 'Conditional Pass' grade in a course and wish to improve their grade, they are allowed to retake the said course.
- All previous attempts, including failed grades will appear on the result slip. The highest marks from all attempts will be recorded on the final transcript.
- The highest marks from all attempts will be considered when calculating the CGPA. However, if there are pre-requisite courses, attempts for those courses will extend the student's study duration.
- Students who wish to retake a course must submit an application within the first week of the short semester or the first two weeks of the long semester. The application form can be obtained from the Academic Affairs Office.
- Fee policy :
 - i. Effective 1 January 2024, all course retake attempts will be subject to a chargeable fee, a fee of RM500.00 per credit hour (Art and Business courses), RM550.00 per credit hour (Science courses), or RM500 per credit hour for General Elective / MPU course will be charged.
 - ii. For students who have taken extra Major Elective or General Elective credits beyond the programme's requirements, a fee of RM500.00 per credit hour for a Major Elective course (Art and Business courses), RM550.00 per credit hour for a Science course; or RM500.00 per credit hour for a General Elective/MPU course will be charged.
 - iii. Retake fees will be imposed on students who repeat a course due to academic misconduct.

3.3 Course Assessment

- An assessment is a method of evaluating a student's performance in a course, which includes both examinations and coursework.
- The methods of assessment for a course can vary and may include:
 - i. Continuous Assessment: This includes various activities such as mid-term, tests, assignments, laboratory work, presentations, and other forms of ongoing evaluation throughout the course.
 - ii. Final Assessment: This refers to the assessment that takes place at the end of the semester, which may include a final examination covering the course content.
- It is important to note that there may be certain courses where students are evaluated continuously throughout the duration of the course without having to sit for a final examination.

3.4 Student Leave

- It is mandatory for students to attend lectures and other learning activities specified in the course, such as tutorials, laboratories, workshops, project-based learning, additional lectures, fieldwork, practical works, industrial training, and other relevant sessions.
- To track attendance, students are required to sign the provided "Student Attendance Sheet" whenever they attend a class or session.
- Students may apply for leave under certain circumstances stated below:
 - i. A medical condition certified by a licensed medical practitioner.
 - ii. A family emergency.
 - iii. Any other circumstance subject to approval.

- Leave application can be done via XMUM E-Services System, along with the relevant supporting documents (medical certificate, death certificate, etc.). Students should also inform the lecturer of the respective course if they are unable to attend lectures and other mentioned learning activities. It is the responsibility of students to ensure that the lecturer is informed in advance and provide with the reason(s) for their absence.
 - i. Under pre-planned circumstances, students are required to submit the online application, along with supporting document(s) at least 7 working days in advance.
 - ii. Under emergency circumstances, upon returning to the University, students should submit online application along with supporting document(s) within 3 working days.

4.0 | Academic Integrity and Regulations

This examination guide provides clear instructions on examination rules and regulations. Please read the following instructions carefully.

4.1 Attendance Requirements

- The minimum attendance requirement for each course is 80%. Students who fail to meet this requirement without valid reasons accepted by the university or without obtaining prior permission from the Academic Affairs Office will be barred from taking the final examination for that course. The student will receive an email notification one week before the examination week if they are barred from taking the final examination.
- Students who have been barred from sitting for a final examination in any course will receive a Grade F. They may need to retake the course.
- Students are required to ensure attendance in all assessment components, and any absences must be reported immediately to the respective lecturer for consideration. Remedial actions will be within the jurisdiction of the respective lecturer for the missed component.
- Students are reminded to be punctual for lessons and all other learning activities. Late admission and attendance are at the discretion of the lecturer.
- It is the responsibility of students to ensure that their attendance is properly recorded.

4.2 Eligibility for Final Examination

- All registered and active students are required to participate in the final examinations for all courses as determined by the University, provided that they have completed the official course registration, cleared all outstanding fees with the University, and are not barred from the examination.
- Students who have not paid the tuition fee will be prohibited from taking the final examination for the semester.

4.3 Deferment of Final Examination

- Students may be allowed to defer their final examinations on medical and compassionate grounds and/or valid reasons accepted by the University. Common illness or fever will not be considered.
- Students must complete a Deferment Form and attach a medical certificate or other relevant supporting documents to clarify that they are unable to take the examinations.
- The completed form along with relevant supporting documents (E.g. original medical certificate issued by a clinical hospital, doctor's letter) must be submitted to Academic Affairs Office before the scheduled date of the examination for the said course, preferably before the examination week.
- Late submissions with valid reasons may be considered for approval.
- The Academic Affairs Office will review and endorse the deferment applications on a case-by-case basis.
- Once the application is approved, the Academic Affairs Office will then defer the affected course(s) to week 1 of the following semester.

If the application is not approved, the student will be required to sit for the final examination. He / She will receive a zero mark if he / she is absent from the examination of the said course.

4.4 Examination Attendance

- Students who fail to attend any final examination without written approval may receive a "Fail" grade for the particular course.

4.5 Final Examination Schedule

- The Academic Affairs Office will release each student's personal examination timetable one week before the final examination week, in accordance with the XMUM Undergraduate Academic Calendar.
- Students are required to verify their list of courses and the details (examination date, time, and venue) of each course's examination before the examination week.
- Students are advised to make any travel arrangements, such as flight schedules or rides, for the semester break after the examination week. The University will not entertain requests for changes due to clashes between examination dates and travel dates.

4.6 Items Permitted in the Examination Room

- Students are advised to only bring essential and permitted items into the examination room.
- Permitted items to be brought into the examination room include:
 - i. Stationery (pens, pencils, rulers, and any other required equipment)
 - ii. Student ID for identification purposes
 - iii. Water bottles without label or cover
- Students should place their belongings outside of the examination room.
- Invigilators are not responsible for the safekeeping of any personal belongings. The University will not be liable for any loss or damage to students' belongings during the examination.
- Students are NOT allowed to have unauthorized materials or equipment during the examination. If students are found with unauthorized materials (e.g. notes, textbooks, equipment with written texts, dictionaries, paper, pictures, electronic and smart devices), it will be assumed that they have used those materials and no defence will be accepted. All unauthorized materials will be confiscated. Students are also prohibited from receiving any of these items from anyone in the examination room, unless given by the invigilators.

4.7 Final Examination Conduct Before the Examination

- Students should inform the course lecturer and report to the Academic Affairs Office (email: xmumac@xmu.edu.my) about any extenuating circumstances that may affect their examination performance.
- Students must arrive at the designated examination room 15 minutes before the scheduled start time as indicated in the examination schedule.

- Students are allowed to enter the examination room 10 minutes before the start time. They should enter the room in an orderly manner, locate their assigned seats, and verify that they have the correct question paper and answer book. It is important to carefully read the instructions printed on the cover of the question paper and answer book.
- Students should refrain from turning over the question paper until instructed to do so.
- Throughout the examination, students are required to adhere to all instructions provided by the chief invigilator in the examination room.

During the Examination

- Students are not permitted to leave the examination room, including going to the toilet, during the first 60 minutes after the examination starts and the last 15 minutes before it ends. Exceptions may be granted for sudden needs.
- Students must bring their student ID card and place it at the top left corner of the table for identity verification by the invigilator.
- Students must sign the Attendance Slip / Sheet provided.
- All examinations are conducted anonymously, hence students should not write their names on the answer book. Only required details should be written in the designated space on the cover of each answer book.
- Students who arrive within the first 30 minutes after the examination starts will be allowed to sit for the examination, but no additional time will be given.
- Students who arrive 30 minutes or more after the examination starts will not be allowed to take the examination.
- If a student is allowed to go to the toilet, they must show the contents of their pockets to the invigilator and be accompanied by an invigilator. Additional time will not be given for toilet breaks.
- Students are not permitted to communicate with other candidates once they enter the examination room. If they have any questions, they should raise their hand and inform the invigilators.
- All answers, except for graphs, diagrams, etc. should be written in black and blue pen, unless otherwise specified.
- Students must adhere to the examination regulations, and any violation will be considered academic misconduct.
- If students wish to end the examination before the scheduled time, they should ensure that all required information on the question paper and answer book has been completed, and they should leave both the question paper and answer book (including used papers) on their desks.

At the End of the Examination

- Students are not permitted to leave the examination room during the last 15 minutes of the examination unless instructed otherwise by the invigilators.
- Once the invigilators make the last 5-minute announcement, students should check whether all the required information has been completed in the designated space.
- When the invigilator announces that time has ended, students should stop writing, remain seated, and maintain silence until all question papers and answer books have been collected and counted. They will then be formally dismissed by the invigilator.
- Students are not allowed to take any examination materials out of the examination room.
- Students should leave the examination room quickly and quietly, especially if there are other ongoing examinations.

4.8 Emergency Procedures during Examination

- If a student falls ill during the examination, they should inform the invigilator immediately. The staff from the Academic Affairs Office will provide appropriate assistance and support.
- In the event of a fire alarm, students must follow the instructions provided by the invigilator. During evacuation, students should not take any personal belongings with them and should leave the question paper and answer book as they are.

4.9 Grading System

- Assessment is the measurement of a student's performance, which can include written tests, laboratory work, technical work, studio work, projects, fieldwork, industrial training, and other forms of evaluation.
- The specific method of assessment for each course is determined by the course syllabus and learning outcome.
- Courses categorized as "Practical" or "Project", such as Industrial Training or final year academic projects, may be assessed solely based on continuous assessment throughout the training period, without any written tests. The assessment format for Industrial Training is determined by the course syllabus.
- A student's performance in a course is represented by the grade they obtain. The table below lists the total marks, corresponding grades, and grade points.

Marks	Grade	Grade Points	Description
85 - 100	A	4.00	Distinction
80 - 84	A-	3.70	Distinction
75 - 79	B+	3.30	Good
70 - 74	B	3.00	Good
65 - 69	B-	2.70	Good
60 - 64	C+	2.30	Pass
55 - 59	C	2.00	Pass
50 - 54	C-	1.70	Conditional Pass
45 - 49	D+	1.30	Fail
40 - 44	D	1.00	Fail
≤ 39	F	0.00	Fail

Table of Total Marks, Grades, and Grade Points

Note: The grading system and grade points are subject to the university's guidelines and policies.

- The Grade Point Average (GPA) is calculated at the end of each semester and represents the average grade achieved by a student in that particular semester. The Cumulative Grade Point Average (CGPA) reflects the overall average of grades obtained by a student throughout their academic journey.
- The formulas used for calculating the Grade Point Average (GPA) and Cumulative Grade Point Average (CGPA) are as follows:

$$\text{GPA} = \frac{\sum (\text{credits attempted for each course} \times \text{grade point awarded for the course})}{\text{The total credits attempted in a semester}}$$

$$\text{CGPA} = \frac{\sum (\text{credits earned for each course} \times \text{grade point awarded for the course})}{\text{The cumulative credits earned over all semesters}}$$

- If a student obtains a Grade Point of 1.7 or Grade C- in a particular course, they will be given a “CONDITIONAL PASS” status. This means that they have the option to retake the course in order to achieve a “Pass” or higher grade in the following semester(s) and improve their overall CGPA. However, the “CONDITIONAL PASS” can only be utilised ONCE throughout the student’s entire study duration, provided that the GPA and CGPA are above 2.0 in the current semester when the conditional pass is obtained.
- To remain in good academic standing, students are still required to maintain a CGPA of 2.00. Therefore, if a student receives a CONDITIONAL PASS in one or more individual courses and does not attain a CGPA of 2.00, they will not meet the graduation requirements and must retake the individual course(s). It is encouraged for students to retake the course(s) until a passing grade is achieved in order to improve their cumulative grade points, within the structure and maximum duration of the study programme.
- A grade threshold refers to the minimum number of marks that a candidate needs to obtain in a particular component of the course. The specific grade thresholds for different programmes are as follows:
 - i. Chemical Engineering and Electrical and Electronics Engineering students must obtain a threshold mark of 40 in the final examination and achieve an overall mark of 55 or above to pass a core / major / elective course.
 - ii. Computer Science and Technology, Software Engineering, Digital Media Technology, Cyber Security, Artificial Intelligence, Data Science, English Language and Literature, Chinese Studies, Accounting, Finance, International Business, and E-Commerce students must obtain a threshold mark of 40 in all assessment components, including the final examination, and an overall mark of 55 or above to pass a core / major / elective course.
 - iii. Traditional Chinese Medicine students must obtain a threshold mark of 50 in all the assessment components, including the final examination, and an overall mark of 55 or above to pass a core / major/ elective course.
 - iv. Mathematics and Applied Mathematics students must obtain a threshold mark of 40 in all continuous assessment components, and an overall mark of 55 or above to pass a MAT-coded course.

Note: The above information is subject to change as new information becomes available in accordance with the guiding standards and requirements set by relevant authorities.

4.10 Release of Official Results and Official Result Slips

- Official results will be made available to students through the AC system within three weeks after the completion of the final examination.
- It is the responsibility of students to check their results. In the event that a student wishes to appeal for a review of their course grade, they may do so by following the procedures outlined in Section 5.
- The University retains the right to withhold the hardcopy of the Official Result Slips if students fail to comply with the rules and regulations stated in the student handbook and other relevant documents.

4.11 Plagiarism and collusion

- i. All coursework submitted for assessment must be the result of students' own effort. This includes avoiding the use of materials generated by AI tools, such as direct copying and pasting of text or paraphrasing. If students are found to have copied the work of another person without proper acknowledgement or collaborated with others in preparing and writing their work, they will be considered guilty of plagiarism and / or collusion.
- ii. Any form of academic misconduct, including the use of prohibited materials or inappropriate assistance, is a serious offense that will result in a penalty of receiving a zero mark for the entire assignment or a portion of the assignment in question. If collusion involves more than one person, both the student and their colluding partner(s) will be subject to the same penalty.
- iii. Therefore, it is important for students to always generate their own ideas and express them in their own words. If students quote a published or unpublished work that is not their own, they must properly acknowledge the source of the information.

4.12 Cheating in an examination

- i. Cheating in an examination is a serious academic misconduct and is not condoned by XMUM. If proven guilty, you will be considered to have failed the examination. In the case of a final examination, you will receive a "Fail" grade and will be required to retake the same course (Please refer to section 3 for detailed information on retaking the course, and sections 4 and 5 for examination and appeals related matters).
- ii. Impersonating someone or having someone else complete part or all of your work will be regarded as cheating.

4.13 Violation of Law

Violations of law resulting in criminal liability will be constituted as academic misconduct.

4.14 Student Discipline and Behaviour Committee (SDBC)

- The SDBC is a committee responsible for handling academic disciplinary-related matters.
- The members of the SDBC include the Dean, Head of Department, Head of Programme, representative from the school, and top management of the university.
- Students charged with academic misconduct will be given a chance to meet the panel members to express their personal position before any decision is made.
- The SDBC will impose penalties on students based on the following:
 - o Hard evidence,
 - o Student's response, or
 - o Expert opinions,
 - o Other Relevant Information.
- Penalties available to the SDBC:
 - i. If a student is found to have committed examination misconduct, the following penalties may be imposed:
 - A zero mark for the specific examination paper involving the misconduct;
 - A zero mark for all the assessments in which the academic misconduct occurred, and a one-semester suspension;
 - The requirement to retake the affected assessments in the following session due to receiving zero marks;
 - Expulsion from the University (If the student has a previous case of academic misconduct on record);
 - Fine;
 - Withholding of grades, official transcript, or degree, or denial of degree for scholastic dishonesty;
 - ii. The SDBC panel has the right to apply one or more of the above penalties.

5.0 | Appeals

5.1 Appeal for Reviewing the Final Examination Result

- Students have the right to appeal against their examination results. The appeal process involves requesting a re-marking of the student's final examination answer script for the specific course. Appeals can only be made for the respective semester and must be submitted within the stipulated time frame set by the Academic Affairs Office. Appeals submitted after the deadline will not be accepted.
- All appeals must be submitted to the Academic Affairs Office during the first week of a new semester. Late appeals will only be considered with valid reasons for the delay.

5.2 Appeal Rules and Regulations

- Appeals that challenge the academic judgment of examiners will not be permitted.
- Only the candidate themselves can submit an appeal on their behalf. Appeals submitted by a third party will not be accepted unless accompanied by written authorization from the candidate.
- Appeals are only applicable for courses that have a final examination.
- Appeals can only be made to review the final examination result. Marks obtained in tests, quizzes, mid-term tests, assignments, or other course components will not be considered in the appeal process.
- Students should be aware that submitting an appeal does not guarantee a change in marks. In some cases, the second examiner may even lower the marks if it is determined that the original marks were given incorrectly.

5.3 Appeal Procedures for Reviewing the Final Examination Result

- To initiate an appeal for a review of marks and grades, the student must complete the prescribed "Student Appeal Form", which can be obtained from the Exam Unit.
- The completed form should be submitted to the Finance Office for invoicing of the appeal fee. An appeal fee of RM50.00 will be charged for each course. The payment form can be obtained from the Finance Office. The student is responsible for making the payment in person at the Finance Office.
- After making the payment, the student must submit the application form and letter, along with the payment receipt, to the Exam Unit.
- Once all appeal documents have been submitted, the appropriate committee or examiners will be notified by the Exam Unit. They will conduct an initial investigation, and seek the opinion of the committee. The appeal and subsequent results will then be forwarded to the Board of Examination for consideration and recommendation.
- The outcome of the appeal will be communicated to the student in writing within three weeks after the end of the appeal period. The student will be provided with the reasons for the decision.
- The decision reached through the appeal is final, and no further appeals will be entertained.
- An appeal is considered successful if the newly awarded mark is higher than the previous one given, and in such cases, the payment made for the appeal will be refunded to the student.

5.4 Appeal against Decision Made on Academic Misconduct / Disciplinary Matters

- Students have the right to appeal against formal warnings or perceived unfair treatment related to disciplinary matters.
- All appeals against the decisions on disciplinary matters must be submitted within 14 working days of receiving the letter of decision from the Student Discipline and Behaviour Committee (SDBC). The SDBC will make arrangements for these appeals to be reviewed.
- Appeals will be allowed based on grounds such as:
 - i. Students who believe they have been unfairly judged.
 - ii. Major administrative mistakes that have affected the student's academic records.
- To initiate an appeal, the student must complete the prescribed "Appeal against Disciplinary Matters" form, which is available at the SDBC. The form should be submitted to the SDBC along with a letter stating the reasons for the appeal.
- The appeal letter and completed form will be forwarded to the SDBC for consideration before being submitted to the Registrar for endorsement.
- The SDBC has the authority to accept or reject an appeal and to make decisions on any appeals considered. They also have the power to validate appeals that are not eligible for consideration.
- The outcome of the appeal will be communicated to the student in writing within two weeks of filing the appeal.
- Every decision made by the SDBC and endorsed by the Registrar is final, and no further appeals will be entertained.
- If the appeal has been made in good faith, students will not face any disadvantage as a result of making the appeal, regardless of the outcome.

8.0 | Student Affairs Office Services

8.1 Student Helpdesk

The Student Helpdesk acts as the first point of contact for students to Xiamen University Malaysia (XMUM).

The Student Helpdesk provides assistance and services mainly in the following areas:

- Student Vehicle Registration
- Feedback
- Lost and Found
- Student verification for the purpose of lost / damaged student ID card report, public transport discount card registration and etc.
- Student Personal Accident Insurance
- PTPTN enquiries

8.1.1 Student Vehicle Registration

The University operates a compulsory vehicle registration scheme for student vehicles. Any student who wishes to use a motor vehicle in XMUM during his/her course of study **MUST** register his / her vehicles with the Student Affairs Office. Students who fail to register their motor vehicle will result in prohibition of entry in XMUM premises.

i. Registration

All student vehicles **MUST** be registered at the Student Affairs Office.

To register a vehicle, the following documents must be enclosed with Student Vehicle Registration Form:

- 1) 1 Photocopy of Vehicle Registration Card
- 2) 1 Photocopy of Student ID
- 3) 1 Photocopy of a valid Driving License
- 4) An authorization letter from the rightful owner of the vehicle (if the student is not the registered owner)

ii. Parking and Traffic Policies

To park a motor vehicle in any parking area of the University, it **MUST** be registered along with a vehicle pass permanently affixed to the right hand side of the windscreen.

iii. Replacement of Vehicle Pass

Any transfer or sale of a registered vehicle **MUST** be reported promptly to the Student Affairs Office. If a vehicle is purchased to replace another, the new one **MUST** be registered.

iv. Vehicle Pass Revocation

Obtaining a vehicle pass by providing false information or unauthorized transfer of permit to another vehicle will result in revocation of the vehicle pass.

8.2 Feedback

XMUM is committed to receiving and responding to students' feedback in order to monitor and enhance the quality of students' lifestyle.

Students can obtain feedback form at the Student Affairs Office during office hour from 8.30am to 5.30pm or email us at studentaffairs@xmu.edu.my

The completed feedback form is then reviewed by the Office of Student Affairs and forwarded to the appropriate office based on the subject matter, e.g. if the feedback is related to accommodation issue, the feedback is forwarded to the Accommodation Department.

8.3 Lost and Found

i. Reporting Lost Items

If you have lost an item on campus, you can check with the Student Helpdesk by filling out and submitting the Lost Item Form. The Student Helpdesk will then check all existing found items upon receiving your form and contact you if we have an item which matches your lost item's description. If nothing matches your lost item, we will continue to check your report with all future items that are turned in during the course of the school year.

ii. Retrieving Lost Items

Anyone claiming lost items must show a current, valid form of identification such as Student ID, IC or passport.

iii. Turning in Found Items

If you have found an item on campus belonging to someone else, please turn it in at the Student Affairs Office during working hours.

iv. Unclaimed Property

Unclaimed items will be held for at least 60 days, after which the items may be discarded. The Student Helpdesk does not assume responsibility for any lost, damaged, or stolen personal property brought to campus.

8.4 Lost / Damaged Student ID

Official university student identification (ID) cards are issued to all students and must be carried at all times. Transferring a card to another person or using another person's card for any reason is strictly prohibited.

Once students lose their student ID card, the following conditions shall apply:

- Immediately report a lost/ damaged card to the Student Helpdesk during working hours from 8.30am to 5.30pm on weekdays.
- Lost/ damaged ID cards will incur an administrative charge.
- Students are only permitted 1 student ID card per person at a time.

8.5 Student Group Personal Accident Insurance

i. Who is covered?

All current full time students enrolled in Xiamen University Malaysia.

ii. What is covered?

The policy is restricted to claims for injuries that result from accidents. The definition of injury contained in the policy means bodily injury resulting from an accident and which is not an illness. Expenses that occur due to sickness and illness do not fall within the terms of this policy.

10.0 | Career Services

10.1 The Real World Expects More Than Just Book Smarts!

Obtaining top grades is no longer the only measure of student success. Students nowadays must get themselves ready and become relevant by adding value and merging their university degree into a real-world career. If you start ahead in the university, you will stay ahead of the game when you graduate.

With that, the Career Services Office (CSO) is here for good!

10.2 Mission

CSO aspires to equip students with the tools, skills and resources to explore, develop and manage their career pathways, thus enabling them to emerge as career-ready graduates with great humanistic capacity, professional knowledge and skills. Besides, by taking students through an inward journey of self-exploration, CSO hopes to help unleash their potential to the fullest, to drive their career goals, and eventually to live their dreams.

10.3 Vision

In an increasingly competitive global landscape, talents all over the world are competing aggressively for limited opportunities that harness the emergence of a knowledge-based economy. CSO is therefore set up with the purpose of enhancing students' abilities through a dynamic collaboration between the academia and employers across different sectors of industry as well as providing channels and essential resources in the pursuit of arming students with unrivalled employability and entrepreneurial ability. CSO is the bridge between students, graduates, academics, employers, and the global community.

10.4 Core Activities

CSO is committed to delivering excellent services and organizing wholesome activities centred on career preparations and career experiences which include:

- **Career Coaching:** One-on-one sessions to help students discover their strengths, clarify goals, and plan their best-fit career pathways with confidence.
- **Industry Engagement Session (IES):** Students are connected with renowned employers who will provide information on the career pathways and development in various industries.
- **Grill The Drill Series (GTD):** Experienced professionals & alumni from various fields are invited to share authentic work-life scenarios, career journeys, and workplace expectations.
- **Industrial Visit:** Students visit selected organisations where they gain insights into the real working environment.
- **Structured Internship Briefing (SIB):** Important information about internship, which includes the expectations from academics and industry, is presented to pre-internship students during the briefing.

11.0 | International Student Affairs Office

The main purpose of the International Student Affairs Office (ISAO) is to provide advice; information and support for all international students at XMUM, throughout the student lifecycle, from the point of initial student pass application right through to graduation.

We provide professional and specialist advice to international students on student pass/visa processes, which include new applications, endorsements, transfers of endorsement, variations, extensions/renewals, cancellations, as well as other related requirements such as pre-arrival and post arrival medical screening and medical insurance.

We are here to ensure that the international student pass processes adhere to the rules, policies and procedures of the Malaysian Government and implemented by Immigration Department of Malaysia and EMGS.

We make it a point to guarantee that international students are well-informed of the developments and issues related to student pass/visa, and the requirements for international students as specified by the Immigration Department of Malaysia and Ministry of Education.

11.1 Immigration Basic Rules and Regulations

All international students are required to have a valid student pass during their entire period of study in Malaysia. You will be issued with a student pass in the form of a sticker endorsement by the Immigration Department of Malaysia. Your student pass comes along with a multiple-entry visa that allows you to exit and re-enter the country as a student.

11.2 Validity of Student Visa

- Your student visa will be endorsed onto your passport. The endorsement indicates your visa type, the length of stay in Malaysia, the number of entries permitted and the validity of your Student Pass.
- It is mandatory for you to submit your application for student pass renewal to ISAO at least twelve (12) weeks in advance of the expiry date in order to either extend your current student pass or apply for a new student pass. During the student pass renewal process, students are not allowed to arrange travelling plans.
- Students progressing from one level to another level will need to apply for a new student pass. (You are advised to set a reminder on your mobile device(s) to alert you when it is time to do so)
- Students who fail to renew their student pass on time will have a risk of overstaying in the country. Overstaying is a federal offence and therefore prosecutable by Malaysian laws. It is strongly encouraged for all international students to be alert and cautious of their student pass expiry date in order to avoid this.

11.3 Immigration Compulsory Requirements

As an international student, you must be aware of and adhere to the following requirements:

- It is compulsory to maintain a minimum of 80% attendance in all scheduled classes and achieve a CGPA above 2.0 for academic performance. Failing to meet this requirement may result in your student pass being revoked.

- International students who are absent from classes for three (3) consecutive days will be reported to the Immigration Department of Malaysia.
- Students are responsible in monitoring the expiry dates of passport and student pass.
- Penalties may be imposed by the Immigration Department of Malaysia in the event of late submission for renewal or submission after student pass has expired. All costs will be borne by the student.
- For withdrawal or deferment of study, you are required to inform ISAO four (4) weeks before you leave the country or University.
- For graduation/completion, you are required to cancel your visa before you return to your home country. You can only request to cancel your visa upon the release of your final semester results. This is to ensure that your current student pass with the University is cancelled accordingly.
- Please refer to the International Student Handbook for more information.

12.0 | Extra-curricular Activities

12.1 Introduction

Xiamen University Malaysia (XMUM) has a wide variety of extra-curricular activities including clubs and societies which form an integral part of the students' learning experience and help to prepare students for life after graduation. This Guidebook has been designed to assist in the formation and operation of students' clubs and societies. It is also anticipated that the manual would help you create an efficient and clear administrative focus in the Club/Society.

Should you have any queries that are not answered in this manual, please do not hesitate to contact the Extra-Curricular Activities Unit (B02-1) for assistance.

12.2 Formation of Clubs / Societies

Students are generally allowed to form any types of clubs or societies save and except those which are politically affiliated, believed to be duplication of the existing clubs/societies or in contravention of the law.

All clubs & societies of XMUM must be registered and approved by the Extra-Curricular Activities Unit. A constitution has to be submitted to Extra-Curricular Activities Unit to seek approval for the club/society to be formed.

The Constitution should include:

- Name of the proposed club/society
- Club or Society Logo
- Objectives of the club/society
- Pro-Tem committee members list (a minimum of 7 XMUM students) with details (Name, Student ID, Contact Number, Email address and Signature)
- Duties of Executive Committee (EXCO) & Sub-committee (Central Committee)
- Principal Advisor / Co-advisor details (Name, Programme, Contact number)
- Roles of principal advisor / co-advisor(s)
- Elections
- Resignation, Vacancies & Dismissals
- Annual General Meeting (AGM), General Meeting, etc.
- Membership & Subscription fees (if any)
- Amendments to the Constitution
- Any other relevant information
- Signature of Pro term president (Prepared / Checked by) and principal advisor (Approved by)

Attached required with the Proposal

- Members list
- Proposed events/activities for the year
- Declaration
- Advisor letter

NOTE: Extra-Curricular Activities Unit reserves the right to reject this application if any of the above documents are not attached together with the proposal.

12.3 Laws & Regulations

All Clubs & Societies have to abide by the rules and regulations of XMUM, the Constitution of the club/society and other directives issued by the Extra-Curricular Activities Unit from time to time.

12.3.1 Clubs or societies of XMUM are prohibited from providing financial support / financial contribution to external parties or organizations.

12.3.2 Take particular notice of s.47 of the **PRIVATE HIGHER EDUCATIONAL INSTITUTIONS ACT 1996 (ACT 555):- Activities of students or students' society, organization, body or group**

- (1) Subject to subsection (2), a student of the private educational institution may become a member of any society, organization, body or group of persons, whether in or outside Malaysia, including any political party.
- (2) A student of the private educational institution shall not -
 - (a) become a member of any unlawful society, organization, body or group of persons, whether in or outside Malaysia;
 - (b) become a member of any society, organization, body or group of persons, not being a political party, which the Registrar General determines and specifies in writing to the chief executive of the private educational institution to be unsuitable to the interests and well-being of the students or the private educational institution;
 - (c) be involved in political party activities within the Campus.
- (3) A student of the private educational institution and any society, organization, body or group of students of the private educational institution which is established by, under or in accordance with the constitution, shall not express or do anything which may reasonably be construed as expressing support for or sympathy with or opposition to:-
 - (a) any unlawful society, organization, body or group of persons, whether in or outside Malaysia; or
 - (b) any society, organization, body or group of persons which the Registrar General determines and specifies in writing to the chief executive of the private educational institution to be unsuitable to the interests and well-being of the students or the private educational institution.

12.4 Process of Formation of Club / Society

12.5 Formation of Pro-Tem Committee

A Pro-Tem Committee consisting of students sharing a common interest and vision must first be set up. The Pro-Tem Committee is responsible for drafting the Constitution and establishing the club/society generally.

12.6 Appointment and Roles of Advisor(s)

The central committee of the Club or Society shall have the power to nominate and appoint person(s) of eminence who must be a permanent staff of XMUM to be the Advisor(s) of the Society. The roles of the Advisor(s) are: -

- To oversee all activities of the club / society and communicate directly to the Central Committee and the Chairman.
- To act as a liaison between the club / society and the university authorities.
- To check and approve events / activities proposed by the club / society before submitting the relevant documentation to the Student Affairs Office.
- To attend events and AGM (Annual General Meeting) of the club / society whenever feasible.
- Be familiar with the Constitution of the Club / Society.
- Be knowledgeable about and adhere to XMUM's rules and regulations as well as all laws pertaining to student society.
- To take an active role in advising the club / society.
- To ensure continuity of leadership in the club / society.

12.7 Annual General Meeting (AGM)

An Annual General Meeting (AGM) must be held in October each year: -

- To receive the Central Committee's report on the working of the club / society during the previous year;
- To receive the Treasurers' report and the audited accounts of the club / society for the previous year;
- To elect a Central Committee and to appoint auditors, if applicable;
- To deal with such other matters as may be put before it.

Once a new committee is elected, the Chairman must fill out the 'Clubs & Societies Committee Info Update Form' and submit it to the Extra-Curricular Activities Unit within two (2) weeks from the date of the election.

12.8 Maintaining Active Status for Clubs & Societies

To remain ACTIVE, all clubs and societies must comply with the following requirements:

- 13.1.14.3 Any request for cancellation or premature termination of the tenancy after check-in will result in the forfeiture of all rentals paid.
- 13.1.14.4 In addition to 13.1.14.3, residents are allowed to terminate their tenancy after a minimum stay of one (1) semester by giving the AO at least a one-month written notice. Failing to do so will result in a penalty equivalent to one-month rental and/or forfeiture of deposit.
- 13.1.14.5 In addition to 13.1.14.4, residents who wish to apply for cancellation or premature termination of the tenancy must submit the "Residence Withdrawal Application Form" to the AO at least seven (7) working days before the day of leaving.
- 13.1.14.6 Tenancy at the residence will be terminated automatically if the resident is no longer a bona fide full time student of the University.
- 13.1.14.7 Upon withdrawal or termination, residents are to ensure that their units are clean and shall remove all their belongings from the units, failing which; the University and its management shall remove their belongings from their rooms without liability.
- 13.1.14.8 The AO can terminate one's tenancy at any time if:
 - 1) the resident fails to pay any sum due and owing to the University; or
 - 2) the resident fails to comply with the Rules & Regulations.

13.1.15 Force Majeure

- 13.1.15.1 In the event that the residences or any part thereof which is the subject of the Student Residences Agreement, should be caused at any time by fire or explosion or any other cause beyond the reasonable control of the University so as to be partially or totally unfit for the resident's occupation or use, then in every such case (except where the damage is caused/contributed by the act or default of the Tenant) the University shall have the right to immediately terminate the Student Residences Accommodation Agreement and the University shall not be liable to the residents for any damages occurring as the result of such termination.
- 13.1.15.2 However, the University shall have absolute discretion to refund pro rata part of the rental that is proportionate to the period of the semester where the University is unable to provide accommodation due to the said termination of tenancy.

13.1.16 Disciplinary Action on Breach of Residences Management Rules and Regulations or Misconduct

- 13.1.16.1 Any resident found to be in breach of any terms within the Residences Management Rules
- 13.1.16.2 and Regulations or guilty of misconduct will be subjected to stern disciplinary actions. The AO has the right to confiscate any prohibited items and/or items that are being used in such a manner that will amount to violating the Residences Management Rules and Regulations.
- 13.1.16.3 Disciplinary actions may amount to warning being issued, imposition of fine of a stipulated amount and any compliance needed to be adhered to during the stipulated period of time. Severe cases of misconduct or act of misdemeanour will amount to being expelled from the residences with immediate effect.

13.1.17 Spot Check Procedures

- 13.1.17.1 There shall be spot checks conducted by the Accommodation Officer(s) and/or the Residents Fellow(s) and/ or security staff from time to time to ensure the Residences Management Rules and Regulations are not violated. During the spot checks, residents must open their desk drawer and wardrobes for spot checks if reasonably requested by Accommodation Officer(s) and/or the Warden and/or other designated staff.
- 13.1.17.2 The University and its management are not responsible for direct and/or indirect losses or damages of any kinds that might occur during spot checks.

13.1.18 Review of Rules and Regulations

- 13.1.18.1 The AO reserves the right to impose new rules and/or amend the existing rules from time to time, and such additions and amendments shall be made known to residents accordingly.

13.1.19 Utility

- 13.1.19.1 Student residents will be billed for their electricity consumption on a monthly basis.
- 13.1.19.2 Electricity charges per month per unit will be borne equally by all residents in that same unit if the unit is occupied by more than one resident.
- 13.1.19.3 Payment shall be made to the Finance Office during the said period of time.

A late payment charges of RM10.00 per month will be imposed after 30 days of the billing date.

14.0 | The English Lounge: One-stop Language Hub

Embracing possibilities, empowering individuals

For most of you, XMUM may be the start of an exciting journey gearing you closer to your goals. In every episode of life, we make shifts in the way we think and view the world. These shifts can be reinvigorating and at times, challenging, especially when it is a new learning environment.

As a support and language training centre, we are committed to helping you ease this transition, and we seek to facilitate language learning through a holistic and interactive experience. Ours is an integrative approach that fosters active learning and appreciation of the language, blending the best of modern technology and media. By seeking to recognize and hear your voice as an individual learner, we hope to design an experience that meets your expectations. We are convinced that in today's global landscape, competence in the English language will help students gain a competitive edge to connect competently and confidently with individuals from diverse communities.

At the heart of our core beliefs is that language learning is immersive, and it has to be relevant and real. Students gain fluency, confidence and competence when they use the language frequently, not just within classroom walls but also in casual settings. The English Lounge is intended to be an informal platform to connect and immerse students in an English-speaking environment. It is a comfortable learning space that affords you the space to connect, to learn, and to be yourself. It is the place where we suspend judgements and criticisms. It is the space where we embrace imperfections while perfecting your potential and filling in the gaps. Language expands our world, and with language, our windows certainly become bigger and clearer.

The hub provides a range of services and courses including personalised/small-group coaching and peer mentoring that will address varied learning needs. There is also the "Writing Clinic" that provides solutions to students' writing woes. Besides, you will have access to a wide range of English reference books, audio-visual materials, novels, newspapers, magazines and eLearning resources. It should be a safe and friendly haven to unwind after hours of rigorous lectures and tutorials.

An exciting feature of the hub is the self-directed digital portal that serves as an extension to language learning, and allows students to learn English independently. This language platform combines social media tools with quality content for English language learning, and integrates the four components – listening, speaking, reading and writing. With a uniquely blended approach to language learning, students can set their own pace and work towards their goals, while interacting with a real and diverse audience.

Learning does not take place in a vacuum. Our latest initiative "Let's Chat" is a coffee chatroom where students gather to share and discuss topics of general interest, and to mingle with youths of different nationalities. The experience will be enriching as one gains greater insights into the colourful spectrum of humanity. A collaboration with our international learning partners, this chat session is held every week.

From time to time, there will be enrichment activities and national competitions which will expand the learner's confidence and competence in the English language. Most importantly, it will promote avenues to foster meaningful collaboration and friendships.

The hub is one of the several initiatives proposed by the English Language centre which is committed to providing a dynamic and enriching experience for students. It holds the conviction that language competence sets one apart and ahead in today's global village. By embracing a student-centred approach that focuses on reflective, collaborative and authentic learning, we are confident that graduates of Xiamen University Malaysia will put the university at the forefront of language learning.

All in all, we trust you will embrace the journey with passion and confidence. Champions do not happen overnight, but where there is confidence, there shall be competence, and we believe that as you steer towards the end of your academic journey in Xiamen, you will emerge as a confident and competent user of the English language.

Remember, our aspiration is to leave imprints that will eventually shape your milestones in life. We envision the best of you for when we embrace possibilities, we awaken miracles in the mind.

The language hub is located at B1G03, and will open from 9 am to 6 pm every weekday. For those who need personalised coaching on language-related matters, our consultation hours are from 2pm to 5 pm, Mon, Wed & Fri, and by appointment.

17.0 | Operations and Maintenance Department

17.1 General Services

The Operations and Maintenance Department is responsible for the functionality and wellbeing of Xiamen University Malaysia in terms of outdoor surroundings and indoor building-related facilities as well as providing a safe and secured environment for the staff and students at all times. The purpose of this guide is to explain the services cover by the Operations and Maintenance Department.

17.2 Operation Hours

Date	Time
Weekdays (Monday to Friday)	8.30 am to 5.30 pm After 5.30 pm (Security and Maintenance Only)
Weekends (Saturday & Sunday) and Public Holiday	24 hours (Security Only) 8.30 am to midnight (Maintenance Only)

17.3 Safety and Security

Please be security conscious, keep all doors locked – it only takes seconds for a theft to happen and the security counter is situated and operated at the Ground Floor Level of each hostel block 24 hours daily to provide immediate help and assistance in case of emergency. Every day and night, security is on duty to look after your welfare and to keep you safe. Please treat them with respect. In the event of an accident, security breach or other incident occurring on the premises, please contact Security by calling 019-348 9999 where an accident/ incident form can be completed.

17.3.1 Safety On-Campus and Off-Campus

XMUM strives to create a safe and secure environment within its campus. As a student, you are expected to adhere to the rules and regulations regarding proper conduct and behaviour within the campus compound.

We impose and enforce a blanket **ban on smoking and vaping** in all areas of the campus including the student hostel. It means that you are not allowed to smoke or vape even in your room. The lighting up of incense sticks, candles, firecrackers or fireworks **is not permitted** at all, in any building or area of the campus.

You are advised to be vigilant whenever you venture outside of the campus. You may seek help during an emergency by dialling the 24-hour XMUM Security Hotline (019-348 9999).

17.3.2 Parking and Traffic Information

- XMUM is an independent university, and as such, the streets, parking lots, and other areas of the university are private property. The operation and/or parking of any vehicle on XMUM property is a privilege, not a right. The university has the right to regulate the use of motor vehicles on its property for the good and the safety of everyone.

- b) To park a motor cycle/car or any other vehicle on campus in any university parking area, it must be registered with the university and a parking sticker must be properly displayed.
- c) All administrators, faculty and staff members, students, visitors, and outside contractors must register vehicles at the Security house to be driven or parked on campus.
- d) Motorcycles, motor scooters, and mopeds are subject to traffic law regulations.
- e) Abandoned vehicles are subject to towing at the owner's expense unless the owner notifies the Operations & Maintenance Department in writing at the time of the vehicle breakdown.
- f) Vehicle repairs that create a nuisance are not permitted on campus. Any property damage caused by the making of any repairs is the responsibility of the person making such repairs.
- g) The maximum speed on any XMUM driveway or roadway-excluding those owned and managed by the Fire and Rescue Department of Malaysia and Royal Malaysia Police is 30km per hour unless signage indicates otherwise.
- h) Personal vehicles are not allowed to be left on campus overnight unless it is the outcome of approval. In these instances, parking arrangements must be approved by the office of the Operations and Maintenance Department.
- i) All forms of motorized conveyance, such as but not limited to, motorcycles, motor scooters, and mopeds are prohibited from parking or operating on XMUM walkways, sidewalks, or footpaths.
- j) You are not allowed to park in spaces that are designated with a sign for specific use unless it applies to you. Handicap marked spaces, Service Vehicle spaces, and other reserved spaces are in effect 24 hours a day, seven days a week. All other parking spaces are restricted Monday-Friday 8:00 am-6:30 pm unless designated otherwise.
- k) Vehicles are subject to being immobilized by the Operations and Maintenance Department of Campus Security officers with a wheel lock/tire clamp designed to prevent a vehicle from being moved and a fine of RM 50 will be imposed to release the wheel lock/clamp. Wheel locks can be used at any time to impound vehicles for offenses including, but not limited to:
 - i. unregistered vehicles
 - ii. park at VIP reserved parking lots
 - iii. park vehicle at NO PARKING ZONE
 - iv. park vehicle at designated with a sign

17.3.3 Fire and Life Safety

- a) If anyone smells smoke or sees fire or smoke, they should immediately activate the fire alarm system to evacuate the building by using the nearest pull station.
- b) Evacuate with all other buildings occupants to the nearest designated evacuation areas (Emergency Assembly Points) and do not use lifts. If it is not safe to use the nearest exit, go to the next nearest available exit.
- c) In addition, on-campus building facilities have prohibitions against the following activities:
 - smoking inside or outside any building facility
 - candles, incenses, oil burners, and/or other open flames devices
 - tampering with or blocking any fire protection equipment
- d) XMUM conducts periodically mandatory fire evacuation drills. The evacuation drills are conducted by activating each fire alarm system in each on-campus student building facility. Evacuation drills are used to familiarize occupants with the building alarm system, emergency exits, and Emergency Assembly Points. Participation of all residents in the relevant buildings is mandatory.

- e) Anyone unnecessarily setting off a fire alarm, tampering with fire exits, and other means of egress may result in immediate university disciplinary action and criminal prosecution. Residents found damaging smoke alarms or fire alarm equipment will be charged for the damages and dealt with judicially. Failure to evacuate a residence hall during a fire alarm is also prohibited and may result in disciplinary action.
- f) Never cover, remove, or tamper with smoke alarms or other fire protection equipment.

17.3.4 Disorderly and Threatening Conduct

As a responsible member of the university community, you must not threaten, intimidate or abuse either physically or verbally any of your peers or any of the academic and non-academic staff of the university. Stern actions such as suspension from study or even expulsion from university will be taken against the culprits.

If you are subjected to any forms of physical or verbal abuse at any time during your study at XMUM, you should not hesitate to report the incidents to the Student Affairs Office. We do not tolerate violent or abusive behaviour among our students and staff.
