Xiamen University (XMU), founded in 1921 by Mr. Tan Kah Kee, a renowned overseas Chinese entrepreneur and philanthropist in Southeast Asia, was the first Chinese higher educational institution established by an overseas Chinese. It is the only university in China's five Special Economic Zones that enjoys privileged support from China's Ministry of Education for participation in "Project 211" (a state endeavour to facilitate the development of some 100 higher educational institutions as a national priority for the 21st century) and "Project 985" (a national project for building world-class universities, announced in May 1998, with 39 participating universities). Since 2014, XMU has hosted two collaborative innovation centres of the highly competitive national "Project 2011" (the Higher Education Innovation Capacity Improvement Scheme initiated in 2011).

ABOUT XMU

XMUM aspired to become a university with a distinct global outlook, featuring first-class teaching and research, and embracing cultural diversity.

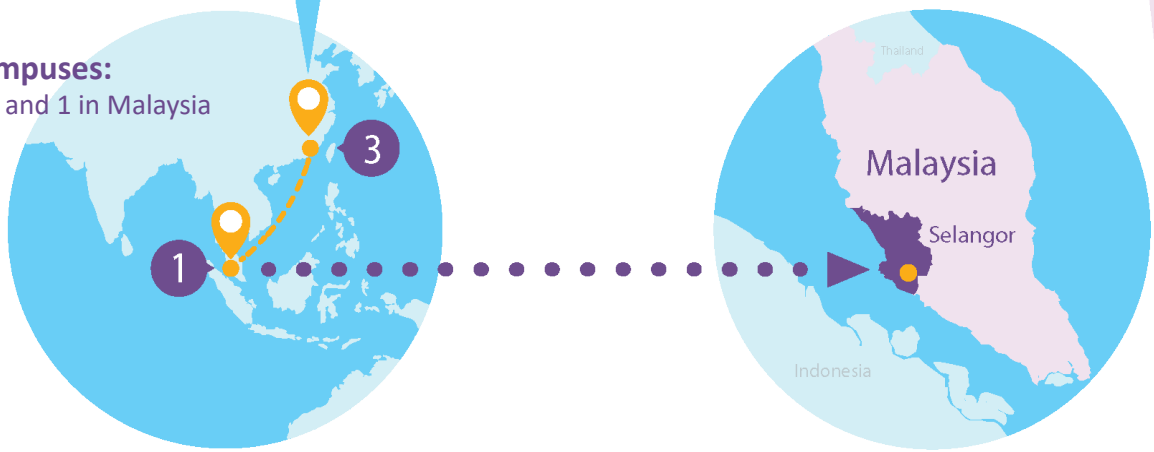

Upon the invitation of the Malaysian Ministry of Higher Education to set up a branch campus in Malaysia, XMU accepted the offer, and thus, Xiamen University Malaysia (XMUM) was born. In keeping with the vision of our founding father, Mr. Tan Kah Kee, we began in earnest to build our first offshore campus in Malaysia and became the pioneer university from China to establish a branch campus in Malaysia.

LOCATION

The Malaysia campus is located in Bandar Sunsuria, Sepang, Selangor Darul Ehsan. It is a 15-minute drive from the Kuala Lumpur International Airport and a 25-minute drive from Putrajaya, the administrative centre of the government of Malaysia.

XMU campuses:
